

**APPENDIX C  
LIST OF TREES**

Trees, as required, shall be selected from this List of Trees as approved by Resolution through the City Council of the City of Sapulpa. Trees listed below were obtained from the book: Plant Materials Guide - The Characteristic Use and Culture by Dr. Larry Fugatt, a Landscape Architect for the Oklahoma State University Extension Services Office. The List of Trees has been modified by the use of an asterisk (\*) to identify those trees that are consistent with the Resolution to protect the urban forest of Creek County and the City of Sapulpa. Recommended methods and tree planting procedures are also included in this Appendix.
