 <u>INTERNAL CONTROL AND COMPLIANCE INFORMATION:</u>		
INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL AND COMPLIANCE		105-106

April 11, 2012

To the Honorable Mayor Doug Haught, City Councilors, and Citizens:

We are pleased to submit to you the Comprehensive Annual Financial Report (CAFR) of the City of Sapulpa for the fiscal year ended June 30, 2011. The report was prepared by the Finance Department of the City of Sapulpa to present the financial position of the City and the results of the City's financial operations in accordance with generally accepted accounting principles. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the City. We believe the data, as presented, is accurate in all material respects, and all disclosures necessary to enable the reader to gain the maximum understanding of the City's financial affairs have been included. The Management's Discussion and Analysis provide additional narrative and detailed analysis of the City's financial affairs, and we encourage readers to consider that information in conjunction with the information presented here.

To facilitate the understanding of the City's financial affairs, the CAFR is divided into the following sections:

- Introductory Section – Includes a table of contents, a letter of transmittal, the City's organizational chart, and a list of City Officials.
- Financial Section – Consists of the independent auditor's report, management's discussion and analysis, the basic financial statements, required supplementary information, and other supplementary information.
- Statistical Section – Presents unaudited financial, economic and demographic data and other information relative to the community.

Governmental Structure

The City of Sapulpa, the County seat of Creek County, Oklahoma, is located in the extreme northeast corner of the County, only twelve miles from the City of Tulsa, Oklahoma. The City lies astride Interstate Highway 44 (Turner Turnpike) connecting the cities of Tulsa and Oklahoma City. First incorporated prior to Oklahoma statehood, its first City Charter was adopted in 1910, with major revisions thereto in 1922, 1970, 2002, and 2005. Currently operating under a Municipal Charter form of Government pursuant to Oklahoma Statutes 1991, Sect. 13-101, et seq., the city is governed by a Board of Councilors consisting of ten councilors, two council members from each of five wards. The mayor is chosen from among the council itself. The City Council also serves as trustees of the Sapulpa Municipal Authority. The Mayor and Council appoint a City Manager, a City Attorney, and a City Treasurer. The responsibility for the day-to-day operations of the City rests with the City Manager.

Economic Conditions and Outlook

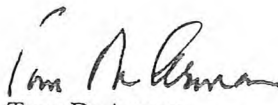

The effects of the national recession continued to be felt locally for most of the fiscal year resulting in further decline of revenues for fiscal year 2011. During the last couple of months revenues did begin to improve signaling a possible end to the decline. The primary measure of local economic activity is sales tax revenue which increased approximately 5% from the prior fiscal year but still has not reached levels shown prior to the economic downturn. City officials are cautiously optimistic, anticipating a slow recovery which resulted in a budget for fiscal year 2011/2012 which continues to pose a major concern. The FY 2011/2012 budget included increased revenues, continued reduced staffing levels, and reduced operational costs but which were offset by costs associated with federal mandates and regulatory compliance requirements.

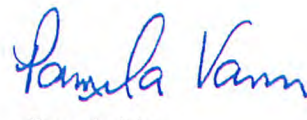

Acknowledgments

The preparation of this report is a combined effort of the staff of the Finance Department with the professional assistance of our consultants, Crawford & Associates, P.C., and our independent auditors, Arledge & Associates, P.C. We would like to express our appreciation to all individuals who assisted in the preparation of this report.

We would also like to thank the Mayor and the members of the City Council for their leadership, encouragement and support in our effort to provide the citizens with quality services, management and financial reporting.

Respectfully submitted,

Tom DeArman
City Manager

FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Members of the City Council
City of Sapulpa, Oklahoma

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Sapulpa, Oklahoma, (the "City") as of and for the year ended June 30, 2011, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of June 30, 2011, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 21, 2012, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison schedule, and schedule of funding progress, as listed in the Table of Contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information

because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, other supplementary information, and statistical section, as listed in the Table of Contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The other supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Arledge & Associates, P.C.

Edmond, Oklahoma
March 21, 2012

Our discussion and analysis of the City of Sapulpa's financial performance provides an overview of the City's financial activities for the fiscal year ended June 30, 2011. Please read it in conjunction with the City's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- For the fiscal year ended June 30, 2011, the City's total net assets decreased by \$1.3 million from the prior year.
- During the year, the City's expenses for governmental activities were \$17.3 million and were funded by program revenues of \$3.4 million and further funded with taxes, other general revenues and transfers that totaled \$12.3 million.
- In the City's business-type activities, such as utilities and golf course, total expenses exceeded program revenues by \$3.1 million, funded with general revenues and transfers of \$3.4 million.
- At June 30, 2011, the General Fund reported an unassigned fund balance of \$0.8 million.
- For budgetary reporting purposes, the General Fund reported revenues more than estimates by \$0.15 million or 0.7%, while expenditures were less than final appropriations by \$0.3 million or 1.6%.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial statements presented herein include all of the activities of the City of Sapulpa (the "City") and its component units using the integrated approach as prescribed by GASB Statement No. 34. Included in this report are government-wide statements for each of two categories of activities – governmental and business-type. The government-wide financial statements present the complete financial picture of the City from the economic resources measurement focus using the accrual basis of accounting. They present governmental activities and business-type activities separately and combined. These statements include all assets of the City (including infrastructure capital assets) as well as all liabilities (including all long-term debt).

Reporting the City as a Whole

The Statement of Net Assets and the Statement of Activities

One of the most frequently asked questions about the City's finances is, "Has the City's overall financial condition improved, declined or remained steady over the past year?" The Statement of Net Assets and the Statement of Activities report information about the City as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two government-wide statements report the City's net assets and changes in them from the prior year. You can think of the City's net assets – the difference between assets and liabilities – as one way to measure the City's financial condition, or position. Over time, increases or decreases in the City's net assets are one indicator of whether its financial health is improving, deteriorating, or remaining steady. However, you must consider other nonfinancial factors, such as changes in the City's tax base, the condition of the City's roads, and the quality of services to assess the overall health and performance of the City.

As mentioned above, in the Statement of Net Assets and the Statement of Activities, we divide the City into two kinds of activities:

- Governmental activities -- Most of the City's basic services are reported here, including the police, fire, general administration, streets, and parks. Sales taxes, franchise fees, fines, and state and federal grants finance most of these activities.
- Business-type activities -- The City charges a fee to customers to help cover all or most of the cost of certain services it provides. The City's water, wastewater, sanitation, stormwater and golf course activities are reported here.

Reporting the City's Most Significant Funds

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds – not the City as a whole. Some funds are required to be established by State law and by bond covenants. However, management establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants and other money.

Governmental funds -- Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic service it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. The differences of results in the Governmental Fund financial statements to those in the Government-Wide financial statements are explained in a reconciliation following each Governmental Fund financial statement.

Proprietary funds -- When the City charges customers for the services it provides – whether to outside customers or to other units of the City – these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Assets and the Statement of Revenues, Expenses and Changes in Fund Net Assets. In fact, the City's enterprise funds are essentially the same as the business-type activities we report in the government-wide statements but provide more detail and additional information, such as cash flows.

A FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

Net Assets

The City's combined net assets decreased from \$33.9 million to \$32.6 million between fiscal years 2010 and 2011. Looking at the net assets of governmental and business-type activities separately, governmental activities decreased \$1.7 million while business-type activities increased \$0.3 million. A comparative, condensed presentation of net assets follows (reported in thousands).

	Governmental Activities		Business-Type Activities		Total	
	2011	2010	2011	2010	2011	2010
Current and other assets	\$12,294	\$13,829	\$9,854	\$10,883	\$22,148	\$24,712

Transfers - Internal activity	(3,232)	(1,674)	3,232	1,674	-	-
Total general revenues and transfers	<u>12,293</u>	<u>14,438</u>	<u>3,408</u>	<u>1,872</u>	<u>15,701</u>	<u>16,310</u>
Change in Net Assets	<u>(\$1,651)</u>	<u>\$1,126</u>	<u>\$326</u>	<u>(\$1,178)</u>	<u>(\$1,325)</u>	<u>(\$52)</u>

Explanations for the more significant changes include:

Streets Expense - \$255,000 decrease (10.5%) due to a construction project expensed in the prior year.

Stormwater Expense - \$192,000 decrease (33%) due to \$275,000 decrease in professional services expense.

Property Tax Revenue - \$311,000 increase (21.5%) due to prior year issuance of \$6.8 million Series 2010 G.O. Bonds.

Miscellaneous Revenue (Governmental Activities) - \$1,379,000 decrease (80.9%) due to prior year pool donation of \$1.5 million.

Governmental Activities

To aid in the understanding of the Statement of Activities some additional explanation is given. Of particular interest is the format that is significantly different than a typical Statement of Revenues, Expenses, and Changes in Fund Balance. You will notice that expenses are listed in the first column with revenues from that particular program reported to the right. The result is a Net (Expense)/Revenue. The reason for this kind of format is to highlight the relative financial burden of each of the functions on the City's taxpayers. It also identifies how much each function draws from the general revenues or if it is self-financing through fees and grants or contributions. All other governmental revenues are reported as general. It is important to note all taxes are classified as general revenue even if restricted for a specific purpose.

The following table compares fiscal year 2011 and 2010 total Governmental Activities expenses and net revenue (expense) of services:

	Net Revenue (Expense) of Governmental Activities			
	(In thousands of dollars)			
	Total Expense of Services		Net Revenue (Expense) of Services	
	<u>2011</u>	<u>2010</u>	<u>2011</u>	<u>2010</u>
Administration	\$1,070	\$1,068	(\$1,070)	(\$1,068)
General government	1,251	1,167	(1,008)	(634)
Legal and judicial	290	282	(290)	(282)
Public safety	10,075	10,313	(7,801)	(7,806)
Urban development	421	454	(246)	(448)
Streets	2,175	2,430	(1,752)	(1,628)
Culture and recreation	1,383	1,282	(1,117)	(997)
Interest on long-term debt	661	449	(661)	(449)
Total	<u>\$17,326</u>	<u>\$17,445</u>	<u>(\$13,945)</u>	<u>(\$13,312)</u>

In addition to explanations given for significant changes in total revenues and expenses, additional reasons for major changes in Net Revenue (Expenses) are as follows:

General Government – Increase of \$374,000 (59%) in net expense due mainly to a \$200,000 capital grant received in the prior year.

Urban Development – Decrease of \$202,000 (45%) in net expense due primarily to a \$190,000 CDBG operating grant received in the current year.

Interest on long-term debt – Increase of \$212,000 (47%) in net expense due to \$260,000 increased interest on \$6.8 million Series 2010 G.O. Bonds.

Business-type Activities

In reviewing the business-type activities net (expense)/revenue, the following highlights should be noted:

Water – Decrease of \$283,000 (64.6%) in net revenue due primarily to increased uncapitalized capital outlay of about \$340,000 which was offset by an increase in utility revenue of \$130,000.

Stormwater – Increase of \$229,000 (111.2%) in net revenue due to previously mentioned decrease of \$275,000 in professional services expense.

Net Revenue (Expense) of Business-Type Activities

(In thousands of dollars)

	<u>Total Expense of Services</u>		<u>Net Revenue (Expense) of Services</u>	
	<u>2011</u>	<u>2010</u>	<u>2011</u>	<u>2010</u>
Water	\$4,200	\$3,781	\$155	\$438
Wastewater	6,521	6,437	(3,290)	(3,171)
Sanitation	1,255	1,291	86	50
Stormwater	389	581	435	206
Golf	729	710	(309)	(293)
Interest charges - gov't activities	159	280	(159)	(280)
Total	<u>\$13,253</u>	<u>\$13,080</u>	<u>(\$3,082)</u>	<u>(\$3,050)</u>

The \$3.29 million net expense of the wastewater activities is funded with dedicated sales taxes, which amounted to \$3.10 million in 2011.

A FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As the City completed its 2011 fiscal year, the governmental funds reported a combined fund balance of \$10.5 million or a 13.1% decrease from the prior year due the use of prior year G. O. bond proceeds for capital projects. The enterprise funds reported combined net assets of \$1.2 million or an 18.6% increase from 2010.

<u>Fund Balance/Net Assets</u>			
(In thousands of dollars)			
Governmental Funds		Enterprise Funds	
Nonspendable	\$ 133		
Restricted	7,320		
Committed	9	Invested in capital assets, net of related debt	\$ (5,290)
Assigned	2,288	Restricted for debt service	2,281
Unassigned	<u>766</u>	Unrestricted	<u>4,203</u>
Total Fund Balance	<u>\$ 10,516</u>	Total Net Assets	<u>\$ 1,194</u>

Other fund highlights include:

- For the year ended June 30, 2011, the General Fund's total fund balance increased by \$0.5 million or 31.4%. This was mainly the result of increased operating transfers from the Sapulpa Municipal Authority.
- Due to the implementation of GASB 54, a comparison of unreserved fund balance to unassigned fund balance will not be made in the current year since the definitions of these fund balance types are different.
- The Sapulpa Municipal Authority enterprise fund reported a slight increase in net assets, after transfers, of \$0.2 million.

General Fund Budgetary Highlights

Over the course of the year, the City Council revised the General Fund budget various times. The revised budget included an increase in overall revenue projections of less than 6.6% or \$1.2 million mainly related to increased sales tax collections over original estimates; and an increase in appropriations of 5.9% or \$1.1 million and most of the increased appropriations were related to required sales tax transfers.

For budgetary reporting purposes, the General Fund reported revenues less than final estimates by \$0.1 million or 0.75%, while expenditures were less than the final appropriations by \$0.3 million or 1.55%.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of June 30, 2011, the City had \$97.6 million invested in capital assets, net of depreciation, including police and fire equipment, buildings, park facilities, water lines and sewer lines. (See table below). This represents a net increase of \$1.1 million or 1.1% over last year.

Primary Government Capital Assets
(Net of accumulated depreciation - in thousands of dollars)

	<u>Governmental</u>		<u>Business-Type</u>		<u>Total</u>	
	<u>Activities</u>		<u>Activities</u>			
	<u>2011</u>	<u>2010</u>	<u>2011</u>	<u>2010</u>	<u>2011</u>	<u>2010</u>
Land	\$4,354	\$4,335	\$52	\$52	\$4,406	\$4,387

Utility property	-	-	44,456	45,866	44,456	45,866
Infrastructure	17,543	17,752	1,505	141	19,048	17,893
Construction in progress	1,031	2,785	4,173	2,063	5,204	4,848
Totals	<u>\$37,524</u>	<u>\$38,183</u>	<u>\$60,102</u>	<u>\$58,377</u>	<u>\$97,626</u>	<u>\$96,560</u>

This year's more significant capital asset additions included:

- \$45,902 – (2) 2011 Ford F350 4x4 Trucks
- \$29,137 – 2011 Ford Escape 4WD Hybrid
- \$1,390,868 – Storm Sewer System/Drainage Construction
- \$172,016 – Highway 97 & Turnpike Gate Signalization
- \$253,970 – Dudley Avenue Street Construction
- \$89,000 – Excavator
- \$70,950 – Backhoe with Hydraulic Hammer
- \$297,698 – Sapulpa Aquatics Center Bath House
- \$1,398,720 – Sapulpa Aquatics Center Construction

See Note 3.D. to the financial statements for more detail information on the City's capital assets and changes therein.

Long-Term Debt

At year-end, the City had \$90.6 million in long-term debt outstanding which represents a \$1.6 million or 1.8% decrease from the prior year resulting mainly from normal debt service payments. The City's changes in long-term debt by type of debt are as follows:

Primary Government Long-Term Debt
 (In thousands of dollars)

	<u>Governmental</u> <u>Activities</u>		<u>Business-Type</u> <u>Activities</u>		<u>Total</u>	
	<u>2011</u>	<u>2010</u>	<u>2011</u>	<u>2010</u>	<u>2011</u>	<u>2010</u>
Accrued absences	\$1,678	\$1,795	\$128	\$117	\$1,806	\$1,912
Revenue bonds	-	-	68,506	68,985	68,506	68,985
Due to depositors	-	-	249	243	249	243
Water contract obligations	-	-	2,923	3,187	2,923	3,187

OPEB liability	672	506	-	-	672	506
Capital leases	746	407	-	-	746	407
Totals	<u>\$18,403</u>	<u>\$19,196</u>	<u>\$72,199</u>	<u>\$73,044</u>	<u>\$90,602</u>	<u>\$92,240</u>

See Note 3.F. to the financial statements for more detail information on the City's long-term debt and changes therein.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

Economic factors play a key role in developing the City's Budget. The overall economic outlook for the City of Sapulpa seems to be fairly positive. Total sales tax collections, which is the major revenue for the General fund, had an increase of \$414,645, or 3.8%, from fiscal year 2009-2010 (\$10,865,027) to fiscal year 2010-2011 (\$11,279,672). However, due to some continued uncertainty of the national economy, the City projected a slight decrease, 1.6%, for fiscal year 2011-2012 (\$11,101,364) from 2010-2011 (\$11,279,672).

The Sapulpa Municipal Authority (SMA) charges for service, which include water, sewer, and refuse revenues, shows a slight increase, 1.5%, for fiscal year 2010-2011 (\$8,939,953) from 2009-2010 actual (\$8,807,201). Total revenues for fiscal 2012, excluding transfers in, were projected 3.3% higher than fiscal year 2010-2011 actual. A contributing factor for this was a 3% rate increase, including water, sewer, and refuse revenues.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Finance Director's office at 425 E. Dewey, P. O. Box 1130, Sapulpa, Oklahoma 74067-1130 or by phone at (918) 248-5911.

City of Sapulpa
Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of
Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2011

Changes in Fund Balance - Changes in Net Asset Reconciliation: \$ (1,581,594)

Amounts reported for Governmental Activities in the Statement of Activities are different because:

Governmental funds report outlays for capital assets as expenditures while governmental activities report depreciation and amortization expense to allocate those expenditures over the life of the assets:

Capital asset purchases capitalized	914,221
Book value of disposed capital assets	(58,441)
Capital assets transferred to business-type activities	(5,075)
Depreciation expense	(1,508,680)
	(657,975)

Governmental funds report bond issuance costs as expenditures while governmental activities report amortization expense to allocate those expenditures over the term of the bonds:

Amortization expense	(22,429)
----------------------	----------

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds:

Deferred revenue	744
------------------	-----

Certain special revenue funds are used by management to perform business-type activities. The net change in fund balances of these special revenue funds are included in business-type activities in the Statement of Net Assets:

Water & Sewer Sales Tax Fund	(11,127)
Water Resources Fund	(107,854)
Sewer Plant Sales Tax Fund	(20,006)
	(138,987)

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Assets. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets:

Principal payment on capital lease obligation	189,527
Principal payment on judgments payable	199,933
Principal payment on G.O. bonds payable	660,000
G.O. Bond premium amortized	1,253
Proceeds from capital lease obligation	(528,866)
Increase in judgments payable	(8,000)
	513,848

Some expenses reported in the Statement of Activities do not require the use of current financial resources and these are not reported as expenditures in governmental funds:

Change in accrued interest payable	6,924
Change in OPEB liability	(165,077)
Change in accrued compensated absences	116,909
	(41,244)

Internal service fund activity is reported as a proprietary fund in the fund financial statements, but certain net revenues are reported in governmental activities on the Statement of Activities:

Change in net assets for internal service funds	276,470
---	---------

Change in net assets of governmental activities	\$ (1,651,168)
---	----------------

See accompanying notes to the basic financial statements.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City's accounting and financial reporting policies conform to accounting principles generally accepted in the United States of America (GAAP). GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. In the government-wide financial statements and the fund financial statements for the proprietary funds, Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, have been applied unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails. For business-type activities and enterprise funds, GASB Statement Nos. 20 and 34 provide the City the option of electing to apply FASB pronouncements issued after November 30, 1989. The City has elected not to apply those pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this Note.

1.A. FINANCIAL REPORTING ENTITY

The City's financial reporting entity is comprised of the following:

Primary Government:	City of Sapulpa
Component Unit:	Sapulpa Municipal Authority

In determining the financial reporting entity, the City complies with the provisions of Governmental Accounting Standards Board Statement No. 14, The Financial Reporting Entity, and includes all component units of which the City is fiscally accountable.

The component unit listed above is a Public Trust established pursuant to Title 60 of Oklahoma State law. A Public Trust (Authority) has no taxing power. The Authority is generally created to finance City services through issuance of revenue bonds or other non-general obligation debt and to enable the City Council to delegate certain functions to the governing body (Trustees) of the Authority. The Authority generally retains title to assets which are acquired or constructed with Authority debt or other Authority generated resources. In addition, the City has leased certain existing assets at the creation of the Authority to the Trustees on a long-term basis. The City, as beneficiary of the Public Trust, receives title to any residual assets when a Public Trust is dissolved.

BLENDED COMPONENT UNITS

A blended component unit is a separate legal entity that meets the component unit criteria described above and whose governing body is the same or substantially the same as the City Council or the component unit provides services entirely to the City. These component units' funds are blended into those of the City's by appropriate fund category to comprise the primary government presentation.

The component unit that is blended into the primary government's fund categories is presented below.

<u>Component Unit</u>	<u>Brief Description/Inclusion Criteria</u>	<u>Included Funds</u>
Sapulpa Municipal Authority	Created February 19, 1968, to finance, develop and operate the water, wastewater, solid waste and golf activities of the City. Current City Council serves as the entire governing body (Trustees). Debt issued by the Authority requires 2/3rds approval of the City Council.	SMA Utility and SMA Golf Course Enterprise Funds

I.B. BASIS OF PRESENTATION

Government-Wide Financial Statements:

The statement of net assets and statement of activities display information about the City as a whole including component units. They include all financial activities of the reporting entity. Eliminations have been made to minimize the double reporting of transactions involving internal activities. Individual funds are not displayed in these statements. Instead, the statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

The statement of activities presents a comparison between the expenses and program revenues directly associated with the different governmental functions and business-type activities to arrive at the net revenue or expense of the function or activity prior to the use of taxes and other general revenues. Program revenues include (1) fees, fines, and service charges generated by the program or activity, (2) operating grants and contributions that are restricted to meeting the operational requirements of the program or activity, and (3) capital grants and contributions that are restricted to meeting the capital requirements of the program or activity.

Fund Financial Statements:

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts which constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into two major categories: governmental and proprietary. The City presently has no fiduciary funds. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the City or meets the following criteria:

- a. Total assets, liabilities, revenues or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
- b. Total assets, liabilities, revenues or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.
- c. A fund that does not meet the criteria of (a) and (b), but for which management has determined is of such significance to be reported as a major fund.

All remaining governmental and enterprise funds not meeting the above criteria are aggregated and reported as nonmajor funds. The funds of the financial reporting entity are described below:

GOVERNMENTAL FUNDS

General Fund (Major Fund)

The General Fund is the primary operating fund of the City. It is used to account for and report all financial resources not accounted for and reported in another fund. Included or combined with the General Fund are the following Funds that, in addition to the General Fund, comprise the General Fund Accounts. These were reported as Special Revenue Funds in the prior year:

<u>Fund</u>	<u>Description</u>
Hunting & Fishing Fund	Accounts for revenues from hunting and fishing fees and other sources and expenditures made there from.

CITY OF SAPULPA, OKLAHOMA
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2011

Library Fund	Accounts for revenues received from sales tax (2.5% of the second and third penny), grants, fines and other sources for library maintenance and operations.
Swimming Pool Fund	Accounts for revenues received from donations and charges for services for swimming pool expenditures.

Capital Project Fund (Major Fund)

Capital Project Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlays. The reporting entity includes the following capital project fund:

<u>Fund</u>	<u>Description</u>
GO Bond Construction Fund	Accounts for the financing and construction of specified capital improvements.

Special Revenue Funds (Nonmajor Funds)

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The reporting entity includes the following special revenue funds:

<u>Fund</u>	<u>Description</u>
Cemetery Maintenance Fund	Accounts for revenues received from sales tax (2.5% of the second and third penny), lot sales and charges for interment to be used for maintenance and operations of the cemetery. Additional monies are transferred into this fund for right-of-way mowing operations.
Street & Alley Fund	Accounts for revenues received from gasoline excise tax, motor vehicle tax and expenditures made for street maintenance and operations.
Parks & Recreation Fund	Accounts for revenues received from sales tax (5% of the second and third penny) and from other sources to be used for parks and leisure services.
Federal SAF Fund	Accounts for monies received from federal drug seizures. All monies and property received must be used for law enforcement purposes only.
Major Thoroughfare Fund	Accounts for revenue received from sales tax (5% of the second and third penny) and expenditures for major thoroughfares.
Water & Sewer Sales Tax Fund	Accounts for revenues received from sales tax (10% of the second and third penny) and expenditures made for maintenance, operations and capital outlay.
Spay & Neuter Fund	Accounts for monies received for and expenditures related to spaying and neutering.

CITY OF SAPULPA, OKLAHOMA
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2011

E911 Fund	Accounts for revenues received from tariff rates on base line telephone charges and expenditures for operations and maintenance of the E-911 system.
Juvenile Justice Fund	Accounts for revenues received and expenditures related to the municipal juvenile court and/or any juvenile programs.
Hotel/Motel Tax Fund	Accounts for revenues received from Hotel/Motel Tax and expenditures for operations of the Sapulpa Economic Development Department, promoting tourism, and park capital improvements.
Grants & Aid Fund	Accounts for revenue received and expenditures made for all grant projects, except for library grants and aid.

Capital Project Fund (Nonmajor Funds)

Capital Project Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlays. The reporting entity includes the following capital project funds:

<u>Fund</u>	<u>Description</u>
Restricted Construction Park & Recreation Fund	Accounts for revenue received and expenditures made exclusively for the acquisition of new park lands and/or capital and maintenance improvements of such new parks.
Park Development Fund	Accounts for revenue received from the Hotel/Motel Tax fund and expenditures for the acquisition of new park lands and/or making capital improvements to parks.
Fire Cash Fund	Accounts for revenue received from sales tax (2.5% of the second and third penny) and for expenditures for capital improvements.
Police Cash Fund	Accounts for revenue received from sales tax (2.5% of the second and third penny) and for expenditures for capital improvements.
Cemetery Care Fund	Accounts for revenues received from 12.5% of cemetery lot sales and interments. Per state statute, the principal can only be used for the purchase of land and for making permanent capital improvements. The interest can be used for improving, caring for and embellishing lots, walks, drives, parks and other improvements in such cemeteries and maintenance of office and care of records.
Capital Improvement Fund	Accounts for revenues received from sales tax (10% of the second and third penny) and other sources and expenditures for capital improvements in an amount of \$4,500 or greater in value with an estimated life of three years or more.
Water Resources Fund	Accounts for revenues received from sales tax (20% of the second and third penny) and expenditures made for water systems capital improvements.

CITY OF SAPULPA, OKLAHOMA
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2011

Street Improvement Sales Tax	Accounts for revenues received from ½ cent dedicated sales tax, transfers made to the sinking fund for debt service payments, and expenditures made for capital outlay.
Sewer Plant Sales Tax	Accounts for revenues received from ½ cent dedicated sales tax, transfers made to the trustee bank for debt service payments, and expenditures made for capital outlay.

Debt Service Fund (Nonmajor Fund)

The Debt Service Fund is used to account for ad-valorem taxes levied by the City for use in retiring court-assessed judgments and general obligation bonds and their related interest expense. In State Statutes this fund is referred to as the Sinking Fund.

PROPRIETARY FUNDS

Proprietary funds include both enterprise funds and internal service funds. Enterprise funds are used to account for business-like activities provided to the general public. Internal service funds are used to account for business-like activities provided and charged to other funds or entities within the reporting entity. These activities are financed primarily by user charges and the measurement of financial activity focuses on net income measurement similar to the private sector. The reporting entity includes the following enterprise funds and internal service fund:

Enterprise Funds (Major Funds)

<u>Fund</u>	<u>Description</u>
Sapulpa Municipal Authority Utility	Accounts for revenues of the public trust from providing water, wastewater and sanitation services to the public.
Included accounts of the SMA:	
Sewer System Development & Extension Fee Fund	Accounts for revenues received from sewer system development and extension fees associated with the sewer expansion program, related expenses, and to account for funds being placed in escrow which are received from developers.
Stormwater Management Fund	Accounts for revenues received from stormwater management fees and expenditures made for stormwater maintenance and operations.
SMA Golf Course	Accounts for revenues received from fees and operational expenses associated with the golf course.

Internal Service Fund

Insurance Fund	Accounts for revenues and expenses of insurance costs for employees with the City, including police and fire retirees.
----------------	--

1.C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe **how** transactions are recorded within the financial statements. Basis of accounting refers to **when** transactions are recorded regardless of the measurement focus applied.

Measurement Focus

Government-wide and Proprietary Fund Financial Statements

In the government-wide Statement of Net Assets and the Statement of Activities, and the proprietary fund statements the “*economic resources*” measurement focus is applied. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets (or cost recovery), financial position and cash flows. All assets and liabilities (whether current or noncurrent, financial or nonfinancial) associated with their activities are reported. Fund equity is classified as net assets.

Governmental Fund Financial Statements

In the governmental fund financial statements, a “*current financial resources*” measurement focus is applied. Under this focus, only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

Basis of Accounting

Government-wide and Proprietary Fund Financial Statements

In the government-wide Statement of Net Assets and Statement of Activities, and the proprietary fund financial statements the accrual basis of accounting is applied. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Governmental Fund Financial Statements

In the governmental fund financial statements, the modified accrual basis of accounting is applied. Under this modified accrual basis of accounting, revenues are recognized when “measurable and available”. Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The City has defined “available” as collected within 60 days after year end. Sales and use taxes, franchise taxes, hotel/motel taxes, court fines and interest are considered susceptible to accrual. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general long-term debt principal and interest, claims and judgments, and accrued compensated absences, which are recorded as expenditures to the extent they have matured. Proceeds of general long-term debt and capital leases are reported as other financial sources.

1.D. ASSETS, LIABILITIES AND EQUITY

Cash and Cash Equivalents

Cash and cash equivalents include all demand and savings accounts, and certificates of deposit or short-term investments with an original maturity of three months or less. Investments in open-ended mutual funds held in the trustee accounts are considered cash equivalents.

Investments

Investments consist of certificates of deposit whose original maturity term exceeds three months, certain U.S. Government securities and an interest rate cap investment. Investments that do not have an established market are reported at estimated fair value as estimated by a broker/dealer. The U.S. Government securities are reported at fair value. All non-negotiable certificates of deposit whose original maturity term exceeds three months are carried at cost.

Receivables

Material receivables in governmental funds and governmental activities include revenue accruals such as sales tax, franchise tax, and grants and other similar intergovernmental revenues since they are usually both measurable and available. Revenue from non-exchange transactions collectible but not available are deferred in accordance with GASB 33 at the fund level.

Proprietary funds and business-type activities material receivables consist of all revenues earned at year-end and not yet received. Billed and unbilled utility accounts receivable comprise the majority of these receivables. They are reported net of allowances for uncollectible accounts.

Inventories

Inventory recorded in governmental funds and governmental activities is valued at average cost and consists of material and supplies used for vehicle maintenance and office and janitorial activities. The cost is allocated to the various user departments based upon their consumption. The consumption method of accounting treatment is utilized by the City's governmental funds.

Special reporting treatments are applied to governmental fund inventories to indicate that they do not represent available spendable resources even though they are a component of net current assets. Such amounts are generally offset by fund balance reserve accounts.

Proprietary fund and business-type activities inventories are recorded on an average cost basis. Inventory of the enterprise funds consists of materials and supplies used for golf.

Capital Assets and Depreciation

The accounting treatment of property, plant and equipment (capital assets) depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

Government-Wide Statements and Proprietary Funds

In the government-wide financial statements and proprietary funds, property, plant and equipment are accounted for as capital assets. The City's capitalization threshold was \$2,000 for the year ended June 30, 2011. All capital assets are valued at historical cost, or estimated historical cost if actual is unavailable, except for donated capital assets which are recorded at their estimated fair value at the date of donation. General infrastructure assets (such as roads, bridges, and traffic systems) acquired prior to July 1, 2002, are reported at estimated historical cost using deflated replacement costs. The cost of normal maintenance and repairs to these assets that do not add materially to the value of the asset or materially extend the assets' useful lives are not capitalized.

Depreciation of all exhaustible capital assets is recorded as an operating expense in proprietary fund financial statements and an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Assets. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation.

The range of estimated useful lives by type of asset is as follows:

Buildings	25 - 50 years
Other Improvements	5 - 50 years
Infrastructure	25-100 years
Machinery and Equipment	3 - 20 years
Utility System	25 - 50 years

In the governmental fund financial statements, capital assets acquired are accounted for as capital outlay expenditures.

Restricted Assets

Restricted assets include current and noncurrent assets of enterprise funds and business-type activities that are legally restricted as to their use. The primary restricted assets are related to trustee accounts restricted for debt service, an interest rate cap investment and deposits held for refund.

Long-Term Debt

Accounting treatment of long-term debt varies depending upon the source of repayment and the measurement focus applied, and whether the debt is reported in the government-wide or fund financial statements.

All long-term debt to be repaid from governmental activities, business-type activities and proprietary funds are reported as liabilities as incurred. The long-term debt presently is primarily comprised of general obligation bonds, capital lease obligations payable, judgments payable, water contract obligations, revenue bonds payable and accrued compensated absences. This long-term debt is reported net of unamortized discounts, premiums, and gains and losses from refunding.

Long-term debt of governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payments of principal and interest are reported as expenditures.

Compensated Absences

The City's policies regarding vacation, sick and compensatory time permit employees to accumulate varying amounts as determined by management and contracts with employee groups.

Compensated absences are reported as accrued in the government-wide and proprietary financial statements. Governmental funds report only the matured compensated absences payable to currently terminating employees.

Equity Classification

Government-Wide and Proprietary Fund Financial Statements:

Equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, net of related debt - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net assets - Consists of net assets with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net assets - All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt".

It is the City's policy to first use restricted net assets prior to the use of unrestricted net assets when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

Governmental Fund Financial Statements:

Governmental fund equity is classified as fund balance. Fund balance is further classified as nonspendable, restricted, committed, assigned and unassigned. These classifications are defined as:

- a. Nonspendable – includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.
- b. Restricted – consists of fund balance with constraints placed on the use of resources either by (a) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or (b) law through constitutional provisions or enabling legislation.
- c. Committed – includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the City's highest level of decision-making authority. The City's highest level of decision-making authority is made by ordinance.
- d. Assigned – includes amounts that are constrained by the City's intent to be used for specific purposes but are neither restricted or committed. Assignments of fund balance may be made by city council action or management decision when the city council has delegated that authority. Assignments for transfers and interest income for governmental funds are made through the budgetary process.
- e. Unassigned – represents fund balance that has not been assigned to other funds and has not been restricted, committed, or assigned to specific purposes within the general fund.

It is the City's policy to first use restricted fund balances prior to the use of unrestricted fund balance when an expense is incurred for purposes for which both restricted and unrestricted fund balances are available. The City's policy for the use of unrestricted fund balance amounts require that committed amounts would be reduced first, followed by assigned amounts and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Proprietary fund equity is classified the same as in the government-wide statements.

1.E. INTERNAL AND INTERFUND BALANCES AND ACTIVITIES

In the process of aggregating the financial information for the government-wide financial statements, some amounts reported as interfund activity and balances in the fund financial statements have been eliminated or reclassified.

Government-Wide Financial Statements:

Interfund activity and balances, if any, are eliminated or reclassified in the government-wide financial statements as follows:

1. Internal balances - amounts reported in the fund financial statements as interfund receivables and payables are eliminated in the governmental and business-type activities columns of the statement of net assets, except for the net residual amounts due between governmental and business-type activities, which are reported as Internal Balances.
2. Internal activities - amounts reported as interfund transfers in the fund financial statements are eliminated in the government-wide statement of activities except for the net amount of transfers between governmental and business-type activities, which are reported as Transfers - Internal Activities. The effect of interfund services between funds are not eliminated in the statement of activities.

Fund Financial Statements:

Interfund activity, if any, within and among the governmental and proprietary fund categories is reported as follows in the fund financial statements:

1. Interfund loans - amounts provided with a requirement for repayment are reported as interfund receivables and payables.
2. Interfund services - sales or purchases of goods and services between funds are reported as revenues and expenditures/expenses.
3. Interfund reimbursements - repayments from funds responsible for certain expenditures/expenses to the funds that initially paid for them are not reported as reimbursements but as adjustments to expenditures/expenses in the respective funds.
4. Interfund transfers - flow of assets from one fund to another where repayment is not expected are reported as transfers in and out.

1.F. REVENUES, EXPENDITURES AND EXPENSES

Sales Tax

The City presently levies a four cent sales tax on taxable sales within the City. The sales tax is collected by the Oklahoma Tax Commission and remitted to the City in the month following receipt by the Tax Commission. One cent of the sales tax received is to be recorded as sales tax revenue within the General Fund, one-half cent in the Street Improvement Sales Tax Fund, one-half cent in the Series 1998 Capital Improvement Sales Tax Fund and the remaining two cents distributed to various funds based on various percentages. These percentages, initially set by ordinance, have been further restricted by management and governing body approval as follows:

General Fund	40.00%
Cemetery Maintenance Fund	2.50%
Library Fund	2.50%
Parks & Recreation Fund	5.00%
Fire Cash Fund	2.50%
Police Cash Fund	2.50%
Major Thoroughfare Fund	5.00%
Capital Improvement Fund	10.00%
Water & Sewer Sales Tax Fund	10.00%
Water Resources Fund	<u>20.00%</u>
Total	<u>100.00%</u>

In accordance with the 2002, 2003 and 2009 sales tax agreements of their respective bond indentures, sales tax has been pledged for the payment of principal and interest on the indebtedness. The 2002, 2003 and 2009 revenue bond indentures state that 40% of two cents of the sales tax levied and assessed pursuant to the City's ordinances is pledged for the payment of those debt issues. In addition, 1/2 of one cent recorded in the Street Improvement Sales Tax Fund has been pledged for payment on the 2004 Capital Improvement Revenue Bonds.

Sales tax resulting from sales occurring prior to year-end and received by the City after year end have been accrued and are included under the caption *Due from Other Governments* because they represent taxes on sales occurring during the reporting period.

Property Tax

Under State law, municipalities are limited in their ability to levy a property tax. Such tax may only be levied to repay principal and interest on general obligation bonded debt approved by voters and any court-assessed judgments. At the present time the City levies a property tax, in addition to dedicated sales tax, to fund the annual debt service requirements of the following general obligation bonds:

General Obligation Bonds

2003 General Obligation Bonds
2004 General Obligation Bonds
2005 General Obligation Bonds
2006 General Obligation Bonds
2010 General Obligation Bonds

The property tax levy, as determined by the City's debt service needs, is submitted to the County Excise Board for approval. County assessors, elected officials, determine the taxable value of real estate and personal property in the County. A State Board of Equalization hears complaints on real estate values with the power to equalize assessments. Under present State law, the ratio of assessed value to true value cannot be less than 11 percent or more than 13 ½ percent.

Property taxes levied by the City are billed and collected by the County Treasurer's office and remitted to the City in the month following collection. Property taxes are levied normally in October and are due in equal installments on December 31 and March 31. Property taxes unpaid for the fiscal year are attached by an enforceable lien on property in the following October.

For the year ended June 30, 2011, the City's net assessed valuation of taxable property was \$121,046,668. The taxes levied by the City per \$1,000 of net assessed valuation for the year ended June 30, 2011, was \$14.54.

Expenditures/Expenses

In the government-wide statement of activities, expenses, including depreciation of capital assets, are reported by function or activity. In the governmental fund financial statements, expenditures are reported by class as current (further reported by function), capital outlay and debt service. In proprietary fund financial statements, expenses are reported by object or activity.

1.G. USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures; accordingly, actual results could differ from those estimates.

NOTE 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

By its nature as a local government unit, the City and its component unit are subject to various federal, state and local laws and contractual regulations. An analysis of the City's compliance with significant laws and regulations and demonstration of its stewardship over City resources follows:

2.A. DEPOSITS AND INVESTMENT LAWS AND REGULATIONS

In accordance with State law, all uninsured deposits of municipal funds in financial institutions must be secured with acceptable collateral valued at no more than market value. Acceptable collateral includes certain U.S. Government

CITY OF SAPULPA, OKLAHOMA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2011

or Government Agency securities, certain State of Oklahoma or political subdivision debt obligations, surety bonds or certain letters of credit. As required by 12 U.S.C.A., Section 1823(e), all financial institutions pledging collateral to the City must have a written collateral agreement approved by the board of directors or loan committee. For the year ended June 30, 2011, the City's uninsured deposits were fully collateralized.

Investments of a City (excluding Public Trusts) are limited by State Law to the following:

- a. Direct obligations of the U. S. Government, its agencies and instrumentalities to which the full faith and credit of the U. S. Government is pledged, or obligations to the payment of which the full faith and credit of the State of Oklahoma is pledged.
- b. Certificates of deposit or savings accounts that are either insured or secured with acceptable collateral with in-state financial institutions, and fully insured certificates of deposit or savings accounts in out-of-state financial institutions.
- c. With certain limitation, negotiable certificates of deposit, prime bankers acceptances, prime commercial paper and repurchase agreements with certain limitations.
- d. County, municipal or school district tax supported debt obligations, bond or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county, municipality or school district.
- e. Notes or bonds secured by mortgage or trust deed insured by the Federal Housing Administrator and debentures issued by the Federal Housing Administrator, and in obligations of the National Mortgage Association.
- f. Money market funds regulated by the SEC and in which investments consist of the investments mentioned in the previous paragraphs a., b., c., and d.

Public trusts created under O.S. Title 60, are not subject to the above noted investment limitations and are primarily governed by any restrictions in their trust or bond indentures.

2.B. DEBT RESTRICTIONS AND COVENANTS

General Obligation Debt

Article 10, Sections 26 and 27 of the Oklahoma Constitution limits the amount of certain outstanding general obligation bonded debt of the municipality for non-utility or non-street purposes to no more than 10% of net assessed valuation. For the year ended June 30, 2011, the City complied with this restriction.

Other Long-Term Debt

As required by the Oklahoma State Constitution, the City (excluding Public Trusts) may not incur any indebtedness that would require payment from resources beyond the current fiscal year revenue, without first obtaining voter approval.

Revenue Bond Debt

The bond indentures relating to the revenue bond issues of the Sapulpa Municipal Authority contain a number of restrictions or covenants that are financial related. These include covenants such as a required flow of funds through special accounts, debt service coverage requirements and required reserve account balances.

CITY OF SAPULPA, OKLAHOMA
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2011

The following schedule presents a brief summary of the most significant requirements and the Authority's level of compliance, thereon, as of June 30, 2011:

<u>Requirement</u>	<u>Level of Compliance</u>
a. Flow of Funds	
1. 2003 Refunding Revenue Bonds:	
- Revenue Fund	The Authority maintained all required accounts and made the required payments into such accounts.
- Construction Fund	
- Bond Fund	
- Bond Reserve Fund	
2. 2002 Revenue Bonds:	
- Revenue Account	The Authority maintained all required accounts and made the required payments into such accounts.
- Construction Fund	
- Bond Account	
- Sinking Fund	
3. 2004 Capital Improvement Revenue Bonds:	
- Revenue Account	The Authority maintained all required accounts and made the required payments into such accounts.
- Construction Fund	
- Bond Account	
- Bond Reserve Fund	
4. 2006 Utility System Revenue Bonds:	
- Revenue Account	The Authority maintained all required accounts and made the required payments into such accounts.
- Construction Fund	
- Bond Account	
- Bond Reserve Fund	
5. 2006 Capital Improvement Revenue Bonds:	
- Revenue Account	The Authority maintained all required accounts and made the required payments into such accounts.
- Construction Fund	
- Bond Account	
- Bond Reserve Fund	
6. 2009 Refunding Revenue Bonds:	
- Revenue Account	The Authority maintained all required accounts and made the required payments into such accounts.
- Construction Fund	
- Bond Account	
- Bond Reserve Fund	
b. Revenue Bond Coverage:	
Net operating revenue plus transferred sales tax must equal 1.25 times average annual debt service on the 2002 and 2006 Utility Bonds.	Net revenues available amounted to \$8,454,823. The average annual debt service on the bonds amounted to \$2,975,546. Actual coverage was 2.84 times.
Net operating revenue (excluding sales tax) must equal 1.00 times average annual debt service on the 2002 Revenue Bonds.	Net revenues excluding sales tax amounted to \$4,817,587. The average annual debt service was \$2,975,546. Actual coverage was 1.62 times.

CITY OF SAPULPA, OKLAHOMA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2011

Net operating revenue plus transferred sales tax must equal 1.20 times annual debt service on the 2003 Revenue Bonds.

Net revenues available amounted to \$8,454,823. The annual debt service was \$3,158,256. Actual coverage was 2.68 times.

Net operating revenue plus transferred sales tax must equal 1.25 times annual debt service on the 2009 Revenue Bonds.

Net revenues available amounted to \$8,454,823. The annual debt service was \$3,158,256. Actual coverage was 2.68 times.

c. Reserve Account Requirements:

2002 Revenue Bonds:

Reserve account balance to be \$2,326,967.

The Authority purchased financial security assurance municipal bond debt service reserve insurance policy with a \$2,326,967 fair value.

2003 Revenue Bonds:

Reserve account balance to be \$2,714,875.

The Authority purchased financial security assurance municipal bond debt service reserve insurance policy with a \$2,714,875 fair value.

2004 Capital Improvement Revenue Bonds:

Reserve account balance to be \$497,000.

The balance at June 30, 2011 was \$497,000.

2006 Revenue Bonds:

Reserve account balance to be \$58,230.

The balance at June 30, 2011 was \$58,230.

2006 Capital Improvement Revenue Bonds:

Reserve account balance to be \$92,500.

The balance at June 30, 2011 was \$92,500.

2009 Refunding Revenue Bonds:

Reserve account balance to be \$1,211,135.

The balance at June 30, 2011 was \$1,243,338.

2.C. FUND EQUITY / NET ASSET RESTRICTIONS

Restricted Net Assets

Restricted net assets at the government-wide financial statements are required to restrict funds in accordance with various laws and regulations, specifically those laws and regulations dealing with debt service and the use of restricted revenues. See Note 3. I. for details of restricted net assets.

2.D. BUDGETARY COMPLIANCE

The City prepares its annual operating budget under the provisions of the Municipal Budget Act (the Budget Act). In accordance with those provisions, the following process is used to adopt the annual budget:

- a. Prior to June 1, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following July 1.
- b. Public hearings are conducted to obtain citizen comments. At least one public hearing must be held no later than 15 days prior to July 1.
- c. Subsequent to the public hearings but no later than seven days prior to July 1, the budget is adopted by resolution of the City Council.
- d. The adopted budget is filed with the Office of State Auditor and Inspector.

CITY OF SAPULPA, OKLAHOMA
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2011

The legal level of control at which expenditures may not legally exceed appropriations is the department level within a fund.

All fund decreases of appropriation and supplemental appropriations require City Council approval. The City Manager may transfer appropriations between departments within a fund without City Council approval. Supplemental appropriations must also be filed with the Office of State Auditor and Inspector.

In accordance with Title 60 of the Oklahoma State Statutes, the Sapulpa Municipal Authority, accounted for as a blended enterprise fund in this report, is required to prepare an annual budget and submit a copy to the City as beneficiary. However, there are no further requirements such as form of budget, approval of the budget or definition of a legal level of control; and, therefore, no budget and actual financial presentation for the SMA fund is included in this report.

NOTE 3. DETAIL NOTES - TRANSACTION CLASSES/ACCOUNTS

The following notes present detail information to support the amounts reported in the basic financial statements for its various assets, liabilities, equity, revenues and expenditures/expenses.

3. A. DEPOSIT AND INVESTMENT RISKS

Primary Government:

The City of Sapulpa, including its blended component units held the following deposits and investments at June 30, 2011:

	<u>Carrying Value</u>	<u>Fair Value</u>	<u>Credit Rating</u>	<u>Maturity Date</u>
Deposits:				
Demand deposits	\$2,558,881			
Investments:				
Money market funds - Federated Treasury Obligations Fund	\$ 3,865,150		AAA	N/A
Certificate of deposit	1,233,892		N/A	8/18/2011
Certificate of deposit	145,000		N/A	10/13/2011
Certificate of deposit	722,331		N/A	9/15/2011
Certificate of deposit	625,457		N/A	1/28/2012
Certificate of deposit	100,000		N/A	3/8/2012
Certificate of deposit	50,000		N/A	8/21/2011
Certificate of deposit	71,116		N/A	12/9/2011
Certificate of deposit	1,502,807		N/A	8/10/2011
Certificate of deposit	1,005,256		N/A	8/10/2011
Certificate of deposit	1,250,000		N/A	9/10/2011
Certificate of deposit	1,000,000		N/A	9/10/2011
U.S. Treasury HH Savings Bonds	35,000		N/A	7/1/2022
Interest Rate Cap Investment	17,030		AA	N/A
Total investments	<u>\$ 11,621,039</u>			
Total deposits and investments	<u>\$ 14,179,920</u>			
Reconciliation to Statement of Net Assets:				
Cash and cash equivalents	\$ 6,424,031			
Investments	7,755,889			
	<u>\$ 14,179,920</u>			

Custodial Credit Risk – Exposure to custodial credit risk related to deposits exists when the City holds deposits that are uninsured and uncollateralized; collateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the City’s name; or collateralized without a written or approved collateral agreement. Exposure to custodial credit risk related to investments exists when the City holds investments that are

uninsured and unregistered, with securities held by the counterparty or by its trust department or agent but not in the City's name.

The City's policy as it relates to custodial credit risk is to secure its uninsured deposits with collateral, valued at no more than market value, at least at a level of 100% of the uninsured deposits and accrued interest thereon. The investment policy also limits acceptable collateral to U.S. Treasury securities and direct debt obligations of municipalities, counties, and school districts in the state of Oklahoma. As required by Federal 12 U.S.C.A., Section 1823(e), all financial institutions pledging collateral to the City must have a written collateral agreement approved by the board of directors or loan committee.

At June 30, 2011, the City was not exposed to custodial credit risk as defined above.

Investment Credit Risk – The City's investment policy limits investments to those allowed in state law applicable to municipalities. These investment limitations are described in Note 2.A. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The City has no formal policy limiting investments based on credit rating, but discloses any such credit risk associated with their investments by reporting the credit quality ratings of investments in debt securities as determined by nationally recognized statistical rating organizations—rating agencies—as of the year end. Unless there is information to the contrary, obligations of the U.S. government or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk and do not require disclosure of credit quality.

The fair value of the City's interest rate cap agreements are fully exposed to credit risk. The interest rate cap agreement requires the counterparty to notify the trustee, SMA, and the bond insurer if any of the long-term unsecured outstanding debt of the guarantor falls below A- by S&P and below A3 by Moody's or is unrated by either rating agency. Upon such notice, the trustee or SMA may (1) direct the counterparty to either assign the agreements to an acceptable transferee, (2) provide a guaranty issued by an acceptable guarantor, or (3) terminate the agreements without penalty.

Investment Interest Rate Risk – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The City discloses its exposure to interest rate risk by disclosing the maturity dates of its various investments.

As noted in the schedule of deposits and investments above, at June 30, 2011, the investments held by the City mature at various times.

Concentration of Investment Credit Risk - Exposure to concentration of credit risk is considered to exist when investments in any one issuer represent a significant percent of total investments of the City (any over 5% are disclosed). Investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments are excluded from this consideration.

At June 30, 2011, the City had no concentration of credit risk as defined above.

Hedging Derivative – Interest Rate Cap Swap Transaction:

The City implemented GASB 53: "Accounting and Financial Reporting for Derivative Instruments" in the prior fiscal year.

The City has entered into a four and a half year interest rate cap swap agreement as a cash flow hedge for \$12,000,000 of its variable rate 2009A Refunding Series Capital Improvement Revenue Bonds. The City owes interest on the revenue bonds at a variable rate of LIBOR plus 275 basis points not to exceed 14%. The counterparty to the swap agreement owes the City interest if the LIBOR rate exceeds 2.25%. The counterparty has not made any payments to the City since the LIBOR rate has not yet exceeded 2.25%. The objective of the hedge is to cap the interest rate paid at 2.25% plus 275 basis points (5%). The City has achieved that objective and is reporting the derivative under hedge accounting standards. The notional amount of the hedging derivative is \$12,000,000.

CITY OF SAPULPA, OKLAHOMA
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2011

The expected future net cash flows of the hedging derivative are as follows:

Year Ending June 30,	Assumed Interest Rate	Hedging Derivative Cash Flow
2012	< 5%	-
2013	5.215%	25,800
2014	5.512%	61,440
Total		\$ 87,240

The City paid \$466,000 to the counterparty at inception. This up-front payment is being amortized as a component of interest expense over the life of the agreement using the straight-line method. The amount amortized as interest expense in fiscal year 2011 was \$103,554.

Associated Debt	Effective Date	Termination Date	Interest Cap Rate	Change in Fair Value	Fair Value at 6-30-11	Counter -party	Credit Rating
2009 Refunding Series Capital Improvement Rev Bonds:							
Interest Rate Cap	1/6/2009	7/1/2013	2.25%	(116,830)	\$ 17,030	Bank of NY	AA

Fair market value was determined using actual six month LIBOR rates from Bloomberg and longer-term LIBOR rates using the US Swaps Curve. The LIBOR actual rates were used to derive historical volatiles. The US Swaps Curve was used to derive forward rates. The Black-76 modified Black-Scholes model was used to price the interest-rate option.

3. B. RESTRICTED ASSETS

The amounts reported as restricted assets on the Proprietary Funds Statement of Net Assets are comprised of cash and investments held by the trustee bank on behalf of the public trust (Authority) related to its required revenue bond accounts as described in Note 2.B amounts due to depositors related to utility deposits, and an interest rate cap investment.

CITY OF SAPULPA, OKLAHOMA
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2011

The restricted assets as of June 30, 2011 were as follows:

<u>Type of Restricted Assets</u>	<u>Current Cash and cash equivalents</u>	<u>Noncurrent Cash and cash equivalents</u>	<u>Noncurrent Investments</u>	<u>Total</u>
Due to Depositors	\$91,990	-	\$157,000	\$248,990
Trustee Accounts:				
2002A Bond Fund	624,127	-	-	624,127
2003 Bond Fund	26	-	-	26
2003 Revenue Fund	559,824	-	-	559,824
2004 Bond Fund	389,725	-	-	389,725
2004 Reserve Fund	-	\$497,000	-	497,000
2006 Bond Fund - Cap. Impr.	2	-	-	2
2006 Reserve Fund - Cap. Impr.	-	92,500	-	92,500
2006 Bond Fund - Utility	9,417	-	-	9,417
2006 Revenue Fund - Utility	18,836	-	-	18,836
2006 Reserve Fund - Utility	-	58,230	-	58,230
2009 Revenue Fund	372,125	-	-	372,125
2009 Reserve Fund	-	1,243,338	-	1,243,338
	<u> </u>	<u> </u>	<u> </u>	<u> </u>
Total Restriced Assets	<u>\$2,066,072</u>	<u>\$1,891,068</u>	<u>\$157,000</u>	<u>\$4,114,140</u>

3. C. ACCOUNTS RECEIVABLE AND COURT FINES RECEIVABLE

Accounts receivable of the business-type activities consists of customer utilities services provided, both billed and unbilled, and golf services due at year end, reported net of allowance for uncollectible amounts.

	<u>Utilities</u>	<u>Golf</u>	<u>Total</u>
Accounts receivable	\$2,019,694	\$2,838	\$2,022,532
Allowance for doubtful accounts	<u>(1,077,901)</u>	<u>-</u>	<u>(1,077,901)</u>
Accounts receivable, net	<u>\$941,793</u>	<u>\$2,838</u>	<u>\$944,631</u>

Court fines receivable of the governmental activities consisted of the following at June 30, 2011:

Court fines receivable	\$2,349,232
Allowance for doubtful accounts	<u>(1,587,672)</u>
Court fines receivable, net	<u>\$761,560</u>

CITY OF SAPULPA, OKLAHOMA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2011

3. D. CAPITAL ASSETS

Capital asset activity for the fiscal year ended June 30, 2011, was as follows:

	Balance at June 30, 2010	Additions	Transfers	Disposals	Balance at June 30, 2011
Governmental activities:					
Non-depreciable:					
Land	\$ 4,335,306	\$ 18,750	\$ -	\$ -	\$ 4,354,056

Note: General government, administration, utility collections and utility maintenance of the business-type activities were allocated to the appropriate functions based upon a percentage of revenues.

3. E. WATER RIGHTS CONTRACT

The Sapulpa Municipal Authority (SMA) entered into three agreements with the United States of America for water storage space in Skiatook Lake. In consideration of the right to utilize the aforesaid storage space in the project for municipal and industrial supply purposes, the SMA agreed to pay costs in the amount of \$4,915,486 (which is the balance of the unamortized water rights reported as capital assets at June 30, 2011), along with maintenance and operations costs on an annual basis. The City incurred an obligation to the federal government for the water rights. The obligations were incurred in March 1993, November 1999, November 2002, and June 2006. The obligations are payable in annual installments of \$30,491, \$33,966, \$143,535 and \$184,184, respectively. The total water right obligation balance at June 30, 2011 is \$2,922,612. See Note 3.F. for further disclosures.

Due to the long-term nature of this agreement, and the infinite economic life of the water rights, the SMA's investment in the water rights contract is not being amortized.

Pledge of Future Revenues

Sales Tax and Utility Net Revenues Pledge - The City has pledged 40% of two cents (or 20%) of future sales tax revenues and net utility revenues to repay the following revenue bonds: \$12,000,000 2009A Refunding Series Capital Improvement Revenue Bonds, \$6,000,000 2009B Refunding Series Capital Improvement Revenue Bonds, \$16,160,000 2003A Refunding Series Capital Improvement Revenue Bonds; \$14,340,000 2003B Series Capital Improvement Revenue Bonds; \$24,100,000 2002A Tax-Exempt Refunding Series Utility System Revenue Bonds; and \$1,625,000 2006 Series Capital Improvement Revenue Bonds. Proceeds from the bonds provided for the purchase or construction of capital assets. The bonds are payable from pledged sales tax revenues and net utility revenues. These bonds are payable through 2033. The total principal and interest payable for the remainder of the life of these bonds is \$109,063,324. Pledged sales taxes received in the current year were \$3,637,236 and net utility revenues were \$4,817,587 for total pledged revenues of \$8,454,823. Debt service payments of \$3,158,256 for the current fiscal year were 37% of total pledged revenues for these bonds.

Sales Tax Revenues Pledge - In addition, the City has pledged another ½ of one cent (or 12.5%) of future sales tax revenues for the payment on the \$4,970,000 2004 Capital Improvement Revenue Bonds. Proceeds from the bonds provided for the purchase or construction of capital assets. The bonds are payable from pledged sales tax revenues. These bonds are payable through 2014. The total principal and interest payable for the remainder of the life of these bonds is \$2,743,774. Pledged sales taxes received in the current year were \$1,409,959. Debt service payments of \$563,315 for the current fiscal year were 40% of the pledged sales taxes received.

3.G. INTERFUND BALANCES AND ACTIVITIES

Interfund receivables and payables at June 30, 2011, were as follows:

<u>Due From</u>	<u>Due To</u>	<u>Amount</u>	<u>Nature of Interfund Balance</u>
GO Bond Construction	General Fund	150,757	Temporary loan of cash
SMA (Sewer System Development)	General Fund	81,214	Temporary loan of cash

TOTAL FUND BALANCES	\$ 2,200,436	\$ 3,403,570	\$ 4,911,652	\$ 10,515,658

Restricted Net Assets

The restricted for debt service net assets of the business-type activities are made up of restricted assets relating to revenue bond trustee accounts. The balance at June 30, 2011, is comprised of the following:

Enterprise Funds:	
2004 Revenue Bond Trust Accounts	\$886,725
2003 Revenue Bond Trust Accounts	559,850
2002A Revenue Bond Trust Accounts	624,127
2002B Revenue Bond Trust Accounts	-
2006 Revenue Bond Trust Accounts	178,985
2009 Revenue Bond Trust Accounts	1,615,463
Reserved per bond indenture	3,865,150
Less: Accrued interest payable	(1,584,203)
Total Reserved for Debt Service	\$2,280,947

NOTE 4. OTHER NOTES

4.A. EMPLOYEE PENSION AND OTHER BENEFIT PLANS

The City participates in three employee pension systems as follows:

<u>Name of Plan/System</u>	<u>Type of Plan</u>
Oklahoma Police Pension and Retirement Fund	Cost Sharing Multiple Employer - Defined Benefit Plan
Oklahoma Firefighters Pension and Retirement Fund	Cost Sharing Multiple Employer - Defined Benefit Plan
Oklahoma Municipal Retirement Fund (OMRF)	Agent Multiple Employer - Defined Contribution Plan

Oklahoma Police and Firefighter's Pension and Retirement Systems

The City of Sapulpa, as the employer, participates in two statewide cost-sharing multiple employer defined benefit plans on behalf of the police officers and firefighters. The systems are funded by contributions from participants, employers, insurance premium taxes, and state appropriations, as necessary.

Disability (duty, non-duty)	Yes	Yes
Cost of living all	Yes	Yes

B. Required Contributions and Trend Information

City contributions required by State statute:

Fiscal Year	Oklahoma Police Pension and Retirement System		Oklahoma Firefighter's Pension and Retirement System	
	Required Contribution	Percentage Contributed	Required Contribution	Percentage Contributed
2009	\$274,827	100%	\$365,342	100%
2010	\$279,203	100%	\$359,463	100%
2011	\$288,840	100%	\$337,255	100%

The state made on-behalf payments to the Oklahoma Police Pension and Retirement System and the Oklahoma Firefighter's Pension and Retirement System of \$224,125 (or 9.2% of covered payroll) and \$682,472 (24.6% of covered payroll), respectively, for the fiscal year. These are reported as both intergovernmental revenues and public safety expenses in the current year.

Trend information showing the progress of the Systems in accumulating sufficient assets to pay benefits when due is presented in their respective separate annual financial reports.

C. Related Party Investments

As of June 30, 2011, the Systems held no related-party investments of the City or of its related entities.

Defined Contribution Plan - Oklahoma Municipal Retirement Fund (OMRF)

The City has also provided a defined contribution plan and trust known as the City of Sapulpa Plan and Trust (the "Plan") in the form of The Oklahoma Municipal Retirement System Master Defined Contribution Plan (OMRF). OMRF operations are supervised by a nine-member Board of Trustees elected by the participating municipalities. The plan is administered by Bank One of Oklahoma City. The defined contribution plan is available to all full-time employees except those participating in state fire or police program. Benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible to participate on the employee's employment commencement date, and may make contributions to the plan up to 15% at their option. By City ordinance, the City, as employer, is required to make contributions to the plan, based upon employee contributions under the thrift option, at rates presently varying from 0% - 8% of covered payroll. The City's contributions for each employee (and interest allocated to the employee's account) are vested at a rate of 20% per year of completed service, thus fully vested after five years. City contributions for, and interest forfeited by, employees who leave employment prior to fully vesting shall be added to employer contribution. The authority to establish and amend the provisions of the plan rest with the City Council.

For the year ended June 30, 2011, the following amounts related to the defined contribution plan:

Employee contributions made	\$ 118,227
Employer (City) contributions made	\$ 143,817

Other Post-Employment Benefits

Plan Description: City provides post-retirement benefit options for medical and prescription drug benefits for retired employees and their dependents that elect to make required contributions. The benefits are provided in accordance with State law, police and firefighter's union contracts and the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). The relationship for these benefits is not formalized in a contract or plan document, only a few sentences in the administrative policy. These benefits are considered for accounting purposes to be provided in accordance with a single employer substantive plan. A substantive plan is one in which the plan terms are understood by the city and plan members. This understanding is based on communications between the employers and plan member and the historical pattern of practice with regard to the sharing of benefit costs. Police and Fire employees may become eligible for those post-retirement benefits if they reach normal retirement age while working for the City. As of June 30, 2011, approximately 13 retired employees are receiving benefits under this plan.

Funding Policy. The contribution requirement of the City is an implicit subsidy. The implicit subsidy is not a direct payment from the employer on behalf of the member but rather stems from retiree contribution levels that are less than the claims cost as retiree ages. Since claims experience for employees and non-Medicare eligible retirees are pooled when determining premiums, these retired members pay a premium based on a pool of members that, on average, are younger and healthier. There is an implicit subsidy from the employee group since the premiums paid by the retirees are lower than they would have been if the retirees were insured separately. The subsidies are valued using the difference between the age-based claims costs and the premium paid by the retiree. The amount required to fund the implicit rate is based on projected pay-as-you-go financing requirements. For fiscal year 2011, the City contributed \$24,636 to the plan. Plan members receiving benefits contributed \$138,255, or approximately 100 percent of the total premiums, through their required contribution of \$672.64 per month for retiree-only coverage, \$1,274.13 per month for retiree and spouse, \$1,254.92 per month for retiree and children, and \$1,869.94 per month for retiree and family.

Annual OPEB Cost and Net OPEB Obligation. The City's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the City's annual OPEB cost, the amount actually contributed to the plan, and changes in the City's net OPEB obligation for the year ended June 30, 2011:

Annual required contribution	\$ 189,713
Interest on net OPEB obligation	-
Adjustment to annual required contribution	-
Annual OPEB cost (expense)	<u>189,713</u>
Contributions made	<u>(24,636)</u>
Increase in net OPEB obligation	165,077
Net OPEB obligation—beginning of year	<u>506,452</u>
Net OPEB obligation—end of year	<u>\$ 671,529</u>

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net unfunded OPEB obligation for 2011 was as follows:

<u>Fiscal Year</u>	<u>Annual OPEB Cost</u>	<u>Percentage of Annual OPEB Cost Contributed</u>	<u>Unfunded OPEB Obligation</u>
6/30/09	\$299,283	15.4%	\$253,226
6/30/10	\$299,283	15.4%	\$506,452
6/30/11	\$189,713	12.99%	\$671,529

Funded Status and Funding Progress. As of June 30, 2011, the most recent actuarial valuation date, the Plan was not funded. The actuarial accrued liability (AAL) for benefits was \$1,769,991, and the actuarial value of assets was zero, resulting in an unfunded actuarial accrued liability (UAAL) of \$1,769,991. The covered payroll (annual payroll of active employees covered by the plan) was \$9.4 million, and the ratio of the UAAL to the covered payroll was 18.83 percent. Because the plan is a substantive plan there are no plan assets.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the June 30, 2011, actuarial valuation, the projected unit credit cost method was used. The actuarial assumptions included a 2.75 percent investment rate of return (net of administrative expenses), which is a blended rate of the expected long-term investment returns on plan assets and on the employer's own investments calculated based on the funded level of the plan at the valuation date, and an annual healthcare cost trend rate of 5 percent. There were no assets to determine the actuarial value of assets. The UAAL is being amortized over 30 years as level payments. The remaining amortization period at June 30, 2011, was twenty-seven years.

4.B. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; employees health and life; and natural disasters. The City manages these various risks of loss as follows:

<u>Type of Loss</u>	<u>Method Managed</u>	<u>Risk of Loss Retained</u>
a. Torts, errors and omissions; asset loss and natural disasters	Participation in Oklahoma Municipal Assurance Group risk entity pool	(1)
b. Injuries to employees (workers compensation)	Participation in Oklahoma Municipal Assurance Group risk entity pool	(2)
c. Employee health and life	Self-insured with UMR as third party administrators. Claim liability estimate provided by TPA.	Claims up to \$40,000 per individual are self-funded. Specific stop loss reinsurance covers claims in excess of \$40,000 per insured.

The City participates in the Oklahoma Municipal Assurance Group Liability Protection Plan and Worker's Compensation Plan (risk entity pool) as follows.

(1) Liability Protection Plan

The basic insurance agreements cover claims against municipalities for all government functions, utilities, and services covered in the Plan. These include bodily injury, property damage, wrongful acts, personal injury, and related torts under the state tort claims law and federal civil rights laws. All public officials, employees, services, and municipal functions are covered unless they are specifically listed as exclusions in the Plan.

The title to all assets acquired by the Plan are vested in the Group. In the event of termination of the Group, such property shall belong to the then members of the Group in equal shares. Each participating City pays all costs, premiums, or other fees attributable to its respective participation in the Plan, and is responsible for its obligation under any contract entered into with the Plan.

Reserves for claim losses include provisions for reported claims on a case basis and an estimate of claims incurred but not reported limited by aggregate and individual loss levels as specified by the Plan's reinsurance contracts. These credits, if any, represent contingent liabilities of the Plan if the reinsurer was unable to meet its obligations under the reinsurance agreement.

The Plan's insurance agreements are reinsured for excess losses based upon the contract year. The significant components of each reinsurance contract can be obtained from the Plan's annual financial report.

(2) Worker's Compensation Plan

The title to all assets acquired by the Plan are vested in the Plan. In the event of termination of the Plan, such property shall belong to the then members of the Plan in equal shares. Each participating city pays for all costs, premiums, or other fees attributable to its respective participation in the Plan, policy or service established under the agreement establishing the Oklahoma Municipal Assurance Group, and is responsible for its obligations under any contract entered into with the Plan.

Reserves for policy and contract claims provide for reported claims on a case basis and a provision for incurred but not reported claims limited to specific retention levels for each member as outlined in the Plan's reinsurance agreement.

The Plan's worker's compensation coverage is reinsured for losses in excess of respective retention levels. The reinsurance agreement covers losses incurred within the effective period of the agreement. Each Plan member's liability for claims losses is limited to their individual retention levels as outlined in the Plan's reinsurance agreement.

Management believes such coverage is sufficient to preclude any significant uninsured losses to the City. Settled claims have not exceeded this insurance coverage in any of the past three fiscal years.

Claims Liability Analysis

The claims liabilities related to the above noted health and life risks of loss that are retained are determined in accordance with the requirements of Statement of Financial Accounting Standard No. 5, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

CITY OF SAPULPA, OKLAHOMA
 NOTES TO BASIC FINANCIAL STATEMENTS
 June 30, 2011

For the risk management internal service self-insurance fund, changes in the claims liability for the City from July 1, 2008, to June 30, 2011, are as follows:

	Health & Life
Claims liability, June 30, 2008	359,062
Claims incurred	3,237,343
Claims paid	(3,114,688)
Claims liability, June 30, 2009	481,717
Claims incurred	3,598,672
Claims paid	(3,367,339)
Claims liability, June 30, 2010	\$713,050
Claims incurred	\$3,008,239
Claims paid	(\$3,337,211)
Claims liability, June 30, 2011	\$384,078
Assets available to pay claims at June 30, 2011	\$345,041

4.C. COMMITMENTS AND CONTINGENCIES

Commitments:

Construction Commitments

The City had the following construction commitments outstanding at June 30, 2011 with balances left on the contract:

1. Davis Park Trailhead Restroom Construction, Contractors – Cherokee Pride Construction, Inc., original contract \$71,028; remaining contract \$10,948
2. Phase 3 Cleveland Stormwater Project, Contractors – Cherokee Pride Construction, Inc., original contract - \$173,448; remaining contract - \$173,448
3. Two-million Gallon Water Storage Tank Construction, Contractors – Natgun Corporation, original contract -\$1,441,438; remaining contract - \$337,536
4. Phase 6 Street Rehabilitation, Contractors – Cherokee Pride Construction, Inc., original contract - \$548,586; change orders - \$27,023; total contract - \$575,609; remaining contract - \$223,458

U.S. Army Corps of Engineer – Water Storage Space in Skiatook Lake

The City is under contract with the U.S. Army Corps of Engineer for the right to utilize an undivided 1.52 percent of the usable storage space in the Skiatook Lake Project. This storage space is to be used to impound water for anticipated future demand or need for municipal and industrial water supply. The City is also required to pay annual operations and maintenance (O&M) costs related to this contract. The total O&M costs paid during fiscal year 2010-2011 totaled \$15,407. See Note 3.F. for further debt disclosures.

Contingencies:

Grant Program Involvement

In the normal course of operations, the City participates in various federal or state grant/loan programs from year to year. The grant/loan programs are often subject to additional audits by agents of the granting or loaning agency, the purpose of which is to ensure compliance with the specific conditions of the grant or loan. Any liability for reimbursement which may arise as a result of these audits cannot be reasonably determined at this time.

Litigation

The City is a party to various legal proceedings which normally occur in the course of governmental operations. The financial statements do not include accrual or provisions for loss contingencies that may result from these proceedings. State statutes provide for the levy of an ad valorem tax over a three-year period by a City "Sinking Fund" for the payment of any court assessed judgment rendered against the City.

While the outcome of the above noted proceedings cannot be predicted, due to the insurance coverage maintained by the City and the State statute relating to judgments, the City feels that any settlement or judgment not covered by insurance would not have a material adverse effect on the financial condition of the City. This statutory taxing ability is not available to the City's public trusts (Authorities).

CITY OF SAPULPA, OKLAHOMA
 BUDGETARY COMPARISON SCHEDULE (Budgetary Basis)
 GENERAL FUND

**CITY OF SAPULPA, OKLAHOMA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
BUDGETARY COMPARISON SCHEDULE
For the fiscal year ended June 30, 2011**

Budget Law

The City has adopted the provisions of the Municipal Budget Act of 1979 (the "Budget Act"). In accordance with the Budget Act, the following process is used to adopt the annual budget:

- a. Prior to June 1, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following July 1.
- b. Public hearings are conducted to obtain citizen comments. At least one public hearing must be held no later than 15 days prior to July 1.
- c. Subsequent to the public hearings but no later than seven days prior to July 1, the budget is adopted by resolution of the City Council.
- d. By July 1, the adopted budget is filed with the Office of State Auditor and Inspector.

Per State law, the legal level of control at which expenditures may not legally exceed appropriations is the department level within a fund. All transfers of appropriation between departments and supplemental appropriations require City Council approval. The City Manager may transfer appropriations between object categories within a department without City Council approval. Supplemental appropriations must also be filed with the Office of State Auditor and Inspector. No departments exceeded appropriations.

Budgetary Accounting

The annual operating budgets are prepared and presented on the modified accrual basis of accounting.

However, for budgetary purposes, sales tax revenues, both dedicated and undedicated, are recognized first in the General Fund, with appropriated transfers out of the dedicated portions of sales tax to the respective dedicated sales tax funds. This differs from the City's treatment of dedicated sales taxes in the basic financial statements which recognizes sales tax as revenue in the respective dedicated sales tax funds. Also, the State on-behalf payments for the police and firefighter's pension are excluded in the budgetary schedule as are capital lease proceeds and related capital outlay.

The City utilizes encumbrance accounting under which all purchase orders, contracts, and other commitments for the expenditure of funds are recorded in order to reserve a portion of the applicable appropriation. Encumbrances outstanding at year-end are not considered expenditures for budgetary purposes since the City intends to honor the commitments and provide for supplemental appropriations in the following budget year. All appropriations lapse at year end.

CITY OF SAPULPA, OKLAHOMA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
BUDGETARY COMPARISON SCHEDULE
For the fiscal year ended June 30, 2011

Explanation of Differences between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures

	<u>General Fund</u>
Sources/Inflows of resources	
Actual amounts (budgetary basis) "total resources" from the budgetary comparison schedule	\$19,821,023
Differences – budget to GAAP:	
Sales tax recognized as inflows of budgetary resources but are not revenues for financial reporting purposes.	(6,203,821)
Capital lease proceeds	154,918
State payments made on-behalf of police and fire pension not considered a budgetary resource	906,597
Revenues from combined funds pursuant to GASB 54 reclassification:	
Hunting & Fishing Fund	32,824
Library Fund	179,838
Library Fund – Transfer In	210,000
Swimming Pool Fund	<u>297,650</u>
Total revenues as reported on the statement of revenues, expenditures, and changes in fund balance – governmental funds	<u>\$15,399,029</u>
Total Revenues – General Fund	\$9,817,998
Proceeds from long-term debt	154,918
Transfers In – General Fund	<u>5,426,113</u>
	<u>\$15,399,029</u>
Uses/Outflows of appropriations	
Actual amounts (budgetary basis) "total appropriations" from the budgetary comparison schedule	\$19,312,591
Differences – budget to GAAP:	
Transfer of sales tax to various funds recognized as outflows of budgetary resources but are not uses for financial reporting purposes.	(6,203,821)
Capital outlay related to capital lease	154,918
State payments made on-behalf of police and fire pension not considered a budgetary resource	906,597
Expenditures from combined funds pursuant to GASB 54 reclassification:	
Hunting & Fishing Fund	51,466
Library Fund	412,579
Swimming Pool Fund	<u>238,905</u>
Total expenditures and transfers out as reported on the statement of revenues, expenditures, and changes in fund balance – governmental funds	<u>\$14,873,235</u>
Total expenditures – General Fund	\$12,623,582
Transfers out – General Fund	<u>2,249,653</u>

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Honorable Mayor and Members of the City Council
City of Sapulpa, Oklahoma

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Sapulpa, Oklahoma (the "City") as of and for the year ended June 30, 2011, which collectively comprise the City's basic financial statements and have issued our report thereon dated March 21, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in the internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Mayor, City Council, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
