57 O.S. § 590 (OSCN 2011)

A. It is unlawful for any person registered pursuant to the Sex Offenders Registration Act to reside, either temporarily or permanently, within a two-thousand-foot radius of any public or private school site, educational institution, property or campsite used by an organization whose primary purpose is working with children, a playground or park that is established, operated or supported in whole or in part by city, county, state, federal or tribal government, or licensed child care center as defined by the Department of Human Services. Establishment of a day care center or park in the vicinity of the residence of a registered sex offender will not require the relocation of the sex offender or the sale of the property. On the effective date of this act, the distance indicated in this section shall be measured from the nearest property line of the residence of the person to the nearest property line of the public or private school site, educational institution, property or campsite used by an organization whose primary purpose is working with children, playground, park, or licensed child care facility; provided, any nonprofit organization established and housing sex offenders prior to the effective date of this provision shall be allowed to continue its operation.
